

CuraMedix Connect

Valuable insights for better clinical and economic outcomes

Greetings!

Spring for me has always meant baseball and the Red Sox. I always watch at least a few innings each night. Our new “sport” of choice – don’t laugh – is bird watching. We have 3 very busy feeders that attract chickadees, blue jays, finches, wrens, a variety of woodpeckers, a pair of cardinals and 3 very determined squirrels.

In addition to this backyard diversion, I look forward to FaceTime with my 4 twenty-something kids, virtual happy hours with my college BFFs, and Zoom meetings with our CuraMedix team.

Our team has calls at least twice a week to discuss work but also just to connect. Recently, we all brought songs that get us fired up; in the spirit of baseball, our walk-up songs. Check out the [CuraMedix playlist on Spotify](#) and turn up the volume!

And, for more listening and learning pleasure, check out the first 2 webinars in the [STORZ Medical series](#), featuring internationally renowned shock wave leaders. Stay tuned for more from STORZ and from CuraMedix!

Ready to add shock wave to your continuum of care? Shoot me an [email](#). We can set up a time to talk, answer your questions, provide you with

additional information and research and even set up a virtual demo.

Be well, stay safe and keep in touch!

All the best,

Elise B. Hamann
