

CuraMedix Connect

Valuable insights for better clinical and economic outcomes

Welcome autumn! In this month's newsletter, we're offering physicians a unique range of valuable information to help your practice grow and thrive.

Want to take a clinical deep dive on shock wave and how it's used to treat patients with enthesiopathic conditions? Just read on for a professional summary of the Level 10 book, ***Shock Wave Therapy in Practice: Enthesiopathies*** -- or access the complete book as a free downloadable PDF.

Also in this issue: are negative reviews hurting your practice? **Discover 10 must-know tips for managing your digital reputation.** Finally, don't miss a fantastic news segment featuring Bristol Hospital's Dr. Peter Bellezza -- see how he uses **EPAT to treat patients with acute and chronic foot and ankle pain.**

Questions or would you like to connect? [Contact me](#) at any time.

All the best,
