

# UltraGel™

## The Power of Nature and Science

### High Performance Ultrasonic Gel with All Natural Vascular Dilators

Multi-purpose clear transmission gel with no formaldehyde, no glycerin, colorless, negligible desiccation, excellent coupling values, and has no detrimental effect on skin, clothing, or ultrasound probes.

### UltraGel™ features

- ▶ Increased blood flow to treatment area
- ▶ Acoustically correct for the broad range of frequencies used
- ▶ No color
- ▶ Hypoallergenic
- ▶ Water soluble
- ▶ No formaldehyde
- ▶ Not a spermicide

### What makes UltraGel™ different?

The unique natural vascular dilators in UltraGel™ are effective in improving blood flow. This high performance multi-purpose clear transmission gel for non-invasive diagnostic and therapeutic treatments is highly conductive with smooth consistency for even spreading without running, hypoallergenic and long lasting. Will not damage transducers and/or applicators.

**For external use only. Not for use with defibrillators.**  
*UltraGel™ is part of the Ultra Skin Care product line owned and distributed by CuraMedix, LLC.*
